

Women Authorities of the PAIGH

Elsa Leticia Flores Márquez
(México)

A Mexican scientist specializing in Earth Sciences, she was Vice President of the Geophysics Commission of the PAIGH from 1993 to 1996.

She is currently a full-time Senior Researcher “C” at the Institute of Geophysics, UNAM, and a lecturer in the Faculties of Science and Engineering and in the Postgraduate Program in Earth Sciences.

Her research has generated a total of 77 publications. Her constant commitment to research has allowed her to remain uninterrupted for 32 years in the National System of Researchers in Mexico, with a Level II appointment, deserving of the UNAM PRIDE “C” for several periods, and the Sor Juana Inés de la Cruz medal. She has been a regular member of the Mexican Academy of Sciences since 1999.
